### **STOLEN CELL PHONE GPS HELPS POLICE APPREHEND THEFT SUSPECT**

A stolen cell phone's GPS allowed Vacaville police officers to locate and arrest a suspect in the theft of the device.

Police received a call at approximately 7:15 a.m. Thursday from a victim who told police she had left her purse inside her vehicle while dropping off her children at day care. The purse, with her cell phone inside, had been stolen.

The victim indicated she had gone to work and accessed an internet application to locate her cell phone using its GPS system. The victim told police the cell phone was currently in the area of Boone Court.

Officers responded to that location and found Jimmie Primus, 18, of Vacaville walking in the area. Primus was in possession of the victim's cell phone, and officers later located the victim's purse, which had been discarded a short distance away from where it was stolen. Primus was arrested and booked into Solano County Jail for possession of stolen property.

The Vacaville Police Department encourages citizens to remove all items of value from your vehicle when exiting, even for short durations.

Anyone with information about this investigation is encouraged to contact the police department at (707) 449-5200.
